**Item 9. of the agenda****Resolution on the authorisation to issue convertible bonds and regarding conditional capital, namely**

- a) **authorisation of the Executive Board to issue convertible bonds and exclusion of the shareholders' subscription rights, together with the cancellation of the current authorisation to issue convertible bonds in the unused amount;**
- b) **conditional increase of the share capital (section 159 para 2 item 1 Austrian Stock Corporation Act) and cancellation of existing conditional capital as resolved upon at the shareholder's meetings of 28 September 2011 in the unused amount (Article 4 para 8 of the Articles of Association);**

**as well as corresponding amendments of the Articles of Association in Article 4 (Registered Capital and Shares), respectively.**

**The following resolution has been passed:**

- 1.1. The authorisation of the Executive Board granted in the ordinary shareholders' meeting on 01 December 2015 to issue convertible bonds shall be withdrawn in the unused amount and the Executive Board shall be authorised for a period of five years starting with the date of the resolution, with the consent of the Supervisory Board, to issue convertible bonds up to a total nominal amount of EUR 572,000,000.00 with conversion and/or subscription rights in respect of up to 200,000,000 ordinary bearer shares of the Company representing a pro-rata amount of the share capital of the Company of up to EUR 200,000,000.00, also in several tranches and to determine all other terms of the convertible bonds as well as in respect of the issuance and the conversion procedure. The convertible bonds may be issued against cash and also for contribution in kind. The shareholders' subscription rights are excluded. The authorisation to issue convertible bonds may also be exercised repeatedly. In that case the total number of (i) the shares already issued to holders of convertible bonds according to this authorisation and (ii) the shares in relation to which conversion and/or subscription rights may be exercised out of convertible bonds already issued and out of convertible bonds that may be issued pursuant to the repeated exercise of the issuance authorisation, must not exceed the total maximum amount set out in this resolution. The same applies mutatis mutandis for the total nominal amount of the convertible bonds set out in this authorisation. The fulfilment of the conversion and/or subscription rights can be effected through conditional capital, authorised capital, out of treasury shares or by way of delivery from third parties or a combination thereof.
- 1.2. Under this authorisation convertible bonds may only be issued under exclusion of the subscription right, if the total number of new shares for which conversion and/or subscription rights are granted by such convertible bonds shall not exceed the limit of EUR 224,170,539.00 (after effectiveness of the reduction of the share capital according

to agenda item 10, EUR 22,417,053.00), corresponding to 20% (twenty per cent) of the share capital of the Company. The number of those new shares shall be included for the calculation of this limit, which have been issued from authorised capital under exclusion of the shareholders' subscription rights during the term of this authorisation; further, the number of those shares, for which conversion and/or subscription rights are granted by way of convertible bonds issued under exclusion of subscription rights on the basis of another authorisation during the term of this authorisation.

- 1.3. The Executive Board shall be authorised with the consent of the Supervisory Board and in accordance with the provisions of the Austrian Stock Corporation Act, to determine the terms of issuance and the terms and conditions of the convertible bonds, in particular interest rate, issue price, maturity and denomination, dilution adjustment, conversion period and/or conversion date, conversion rights and/or conversion obligations, conversion ratio and conversion price as well as the terms for conversion and/or subscription. In particular, the following terms and conditions (or a combination thereof) may be provided for:
  - (i) additional cash payment and consolidation or cash settlement for fractional amounts that cannot be converted;
  - (ii) fixed or variable conversion ratio or the determination of the conversion price within a specified range dependent on the company's share price development during the term of the convertible bonds;
  - (iii) the company's right, in case of conversion (exercise of the conversion and/or subscription right) not to deliver shares, but to pay an adequate cash amount on the basis of the company's share price;
  - (iv) the company's right to redeem the convertible bonds prior to maturity at the nominal amount;
  - (v) the right of the convertible bond holders to request redemption of the convertible bonds prior to the maturity date at the nominal amount; or
  - (vi) the conversion obligation (conversion and/or subscription obligation) at the maturity date (or at another date) or the company's right to wholly or partially deliver shares of the company at the maturity date instead of making a cash payment to the holders of convertible bonds.
- 1.4. The convertible bonds may also be issued by a directly or indirectly wholly owned subsidiary of IMMOFINANZ AG; in such case the Executive Board shall be authorised, with the consent of the Supervisory Board, to issue a guarantee in respect of the convertible bonds and, in case of conversion (exercise of conversion and/or subscription rights) to deliver shares of the company.
- 1.5. The price of the convertible bonds shall be determined with regard to market-standard calculation methods in a market-standard pricing procedure. The price (issue price) of the convertible bonds thereby has to be determined by the price (issue price) of an ordinary fixed-interest bond and the price for the conversion rights taking into consideration the other terms and conditions. The issue price of a bond is determined on the basis of market-standard calculation methods subject to maturity of the bond, interest rate, current market interest rate as well as considering the credit rating of the company. The value of the conversion and/or subscription right is calculated by means of option price calculation, in particular considering maturity/exercise period, share price development (volatility) or other financial ratios as well as the relation of the conversion and/or subscription price to the share price. Further conditions, e.g. rights of

early redemption, a conversion obligation and a fixed or variable conversion ratio are to be considered.

- 1.6. The issue price of the shares issued upon exercise of conversion (exercise of the conversion and/or subscription right) and the conversion and/or subscription ratio shall be determined with regard to market-standard calculation methods and the stock market price of the shares of the company (basis of the calculation of the issue price); the issue price must not be below the pro-rata amount of the share capital.
- 2.1. The share capital shall be conditionally increased in accordance with sec 159 para 2 item 1 of the Austrian Stock Corporation Act by up to EUR 200,000,000.00 by issuance of up to 200,000,000 new ordinary bearer shares. The conditional capital increase shall be executed to the extent that conversion and/or subscription rights of holders of convertible bonds issued by the company on the basis of the resolution of the shareholders' meeting of 11 May 2018 are fulfilled. The issue price and the conversion and/or subscription ratio shall be determined with regard to market standard calculation methods and the stock market price of the shares of the company (basis of the calculation of the issue price); the issue price must not be below the pro-rata amount of the share capital. The Executive Board shall be authorised, subject to the approval of the Supervisory Board, to determine further details of the execution of the conditional capital increase (especially issue price, rights attached to the shares, dividend entitlement). The Supervisory Board shall be authorised to resolve upon amendments of the Articles of Association resulting from the issuance of shares from the conditional capital.
- 2.2. The Articles of Association are amended in Article 4 (Registered Capital and Shares) to the effect that para (5) shall read as drafted in the version of the Articles of Association, with highlighting the amendments, published on the company's website ([www.immofinanz.com](http://www.immofinanz.com)) according to section 108 para 4 Austrian Stock Corporation Act in preparation for this shareholders' meeting.
- 2.3. The conditional capital increase as resolved upon by the shareholders' meeting of 28 September 2011 by up to EUR 127,290,619.00 by issuing up to 127,290,619 new bearer shares in the company pursuant to section 159 para 2 item 1 of the Austrian Stock Corporation Act shall be cancelled in the unused amount.

The purpose of this conditional capital was to fulfil conversion rights of holders of the 4.25% convertible bonds 2011-2018 (ISIN XS0592528870) („CB 2018“) issued by the company on the basis of the resolution of the shareholders' meeting of 28 September 2011 pursuant to section 174 para 1 Austrian Stock Corporation Act and the terms and conditions of the CB 2018. The CB 2018 expired in March 2018 and has been fully repaid or converted.

Thus the conditional capital is no longer required to secure conversion rights of the CB 2018. Conversion and/or subscription rights are not hampered or endangered due to the cancellation of the conditional capital. Hence, the conditional capital according to the resolution of the shareholders' meeting of 28 September 2011 can be cancelled.

- 2.4. The provision in the Articles of Association regarding this conditional capital (section 4 para (8)) shall be deleted.
